MASK FREEDOM

Masks Don't Work

Quotes and links from some of the world's most credible health authorities regarding the lack of effectiveness of masks to prevent the spread of COVID-19.

No Shoes, No Shirt, No Service

How to respond when businesses and establishments use this line of reasoning to refuse service for shopping bare faced.

Title II Civil Rights Act of 1964

Use this federal law to trump discrimination and stand your ground in the fight for health freedom.

Religious & Medical Exemption Scripts

The easiest rights to take away are the ones you don't know you have. Use these scripts to maintain your religious and medical exemptions.

Message for the Manager

Have the manager of the store read this statement out loud.

Special Shopping Hours Proposal

Peggy Hall at Healthy American has this creative solution to suggest to business owners.

We suggest you print this in full color and place in a folder or binder that you take with you everywhere.

This mask guide is made up of multiple sections that you can refer to for different purposes; enclosed are legal, scientific, and persuasion suggestions to influence culture (or just get you into Costco).

A sincere thank you to Peggy Hall at thehealthyamerican.org for much of the information presented here. For more great content, subscribe to her content and take advantage of her wisdom and positive action steps!

Many of us have had friends and loved ones suggest that we just back off and wear the masks-- this will all be over soon, or at least by November. We've created this guide to support you as you fight oppression knowing that passivity only signals that more rules will be complied with. The masks are a symbol of blind submission and a loss of free speech. Rudy Giuliani transformed the crime rates in New York City by striking back hard against small and petty crimes. Like him, we need to stand strong against the little oppressions, and not wait for what's surely in the pipeline.

Winston Churchill remarked during a time that feels more and more similar to ours: "You cannot reason with a tiger when your head is in its mouth." Use this guide to reason with those willing to hear now. And remember: no great crimes against humanity were ever committed by anything other than a group of ten strategists, ten thousand people who unknowingly carried out the plan one piece at a time by 'just doing their job,' and ten million good men who did nothing before the slow rising tide of evil.

Good Luck Patriots,
Alana + Steph

THE 'EXPERTS' ON MASKS

ANTHONY FAUCI

"People should not be walking around wearing masks. Masks do not provide the protection people think they do." -March 8th 2020

CALIFORNIA DEPARTMENT OF HEALTH

"Face coverings may increase risk if users reduce their use of strong defenses." "There is limited evidence to suggest that use of cloth face coverings by the public during a pandemic could help reduce disease transmission."

WORLD HEALTH ORGANIZATION'S MIKE RYAN

"There is no specific evidence to suggest that the wearing of masks by the mass population has any potential benefit. In fact, there's some evidence to suggest the opposite in the misuse of wearing a mask properly or fitting it properly.

US SURGEON GENERAL JEROME ADAMS

"Masks are not effective in preventing the general public from catching coronavirus."

DIRECTOR OF THE GLOBAL MENTAL HEALTH WHO COLLABORATING CENTRE AT COLUMBIA UNIVERSITY

"Many young children burst into tears or recoil when someone wearing a mask approaches. By putting on masks, we take away information that makes it especially difficult for children to recognize others and read emotional signals, which is unsettling and disconcerting.

EXPERT MASK QUOTES CONT.

NEW ENGLAND JOURNAL OF MEDICINE

"We know that wearing a mask outside health care facilities offers little, if any, protection from infection."

CENTERS FOR DISEASE CONTROL AND PREVENTION

"There is no scientific evidence for healthy people wearing masks."

FOOD & DRUG ADMINISTRATION

"Even a properly fitted N95 mask does not prevent illness or death"

CAL - OSHA

"Cloth face coverings do not protect against COVID -19"

Remember: All graphics in the guide are clickable hyperlinks to corresponding media properties.

BUT DIDN'T THE WORLD HEALTH ORGANIZATION RECENTLY UPDATE THEIR RECOMMENDATIONS REGARDING MASKS?

WORLD HEALTH ORGANIZATION'S GUIDELINES AS OF JUNE 9, 2020

"The best way to prevent and slow down transmission is be well informed about the COVID-19 virus, the disease it causes and how it spreads. Protect yourself and others from infection by washing your hands or using an alcohol based rub frequently and not touching your face. The COVID-19 virus spreads primarily through droplets of saliva or discharge from the nose when an infected person coughs or sneezes, so it's important that you also practice respiratory etiquette (for example, by coughing into a flexed elbow)."

Wearing a medical mask is one of the prevention measures that can limit the spread of certain respiratory viral diseases, including COVID-19. **However, the use of a mask alone is insufficient to provide an adequate level of protection, and other measures should also be adopted** [emphasis theirs]. Whether or not masks are used, maximum compliance with hand hygiene and other IPC measures is critical to prevent human-to-human transmission."

NOTE ALSO BILL GATES IS THE #1 FINANCIER OF WHO. HIS NETWORTH INCREASED TO \$113.5 BILLION SINCE LOCKDOWN, UP \$7 BILLION COMPARED TO DEC.2019

NO SHOES, NO SHIRT, NO MASK, NO SERVICE?

Some establishments have signs that say, 'No shirt, no shoes, no service'; can they just tack on: 'no mask' to the sign?

"The ADA generally prohibits eligibility/screening criteria that tend to exclude individuals based on a disability, unless the criteria are necessary for the business to operate safely in providing its goods and services.

Those requirements must be based on actual risks and may not be based on speculation, stereotypes, or generalizations about people with disabilities. At this time, businesses concerned about the safety of their staff and customers should be justified in relying upon guidance from the Centers for Disease Control and Prevention (CDC), as well as state and local governments' orders, to justify policies forbidding customers without face masks from entering their stores. However, as guidance and state/local rules change regularly, retailers should regularly track developments so as not to rely on something that is no longer current and applicable.

-National Law Review

TITLE II OF THE CIVIL RIGHTS ACT OF 1964: INJUNCTIVE RELIEF AGAINST DISCRIMINATION IN PLACES OF PUBLIC ACCOMMODATION

The Civil Rights Act of 1964 is federal civil rights legislation that prohibits discrimination in numerous settings including: employment, education, voting, and public accommodations. See FindLaw's codes section for the entire Civil Rights Act of 1964. Specifically, Title II prohibits discrimination on the basis of race, color, **religion**, or national origin in places of public accommodations and provides injunctive relief for such violations. See the entire Title II text below.

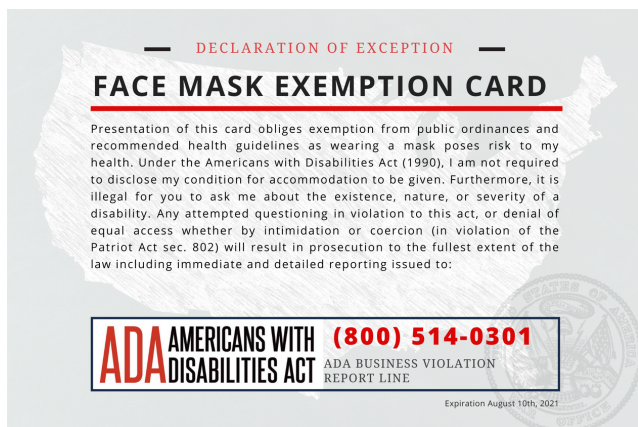

SEC. 201. (a) All persons shall be entitled to the full and equal enjoyment of the goods, services, facilities, and privileges, advantages, and accommodations of any place of public accommodation, as defined in this section, without discrimination or segregation on the ground of race, color, religion, or national origin.

The easiest rights to take from a people are those they are not aware of

So if the Son sets you free you will be free indeed
John 8:36

SCIENCE SAYS HEALTHY PEOPLE SHOULD NOT WEAR MASKS

“How can a person be forced by any business or government entity to wear a mask (which affects the respiratory system) without having a physical exam by a licensed doctor who recommends such an action?”
—Peggy Hall

Masks reduce intake of oxygen, leading to carbon dioxide toxicity

Germs are trapped near your mouth and nose, increasing risk of infection

Wearing a mask causes you to touch your face more frequently

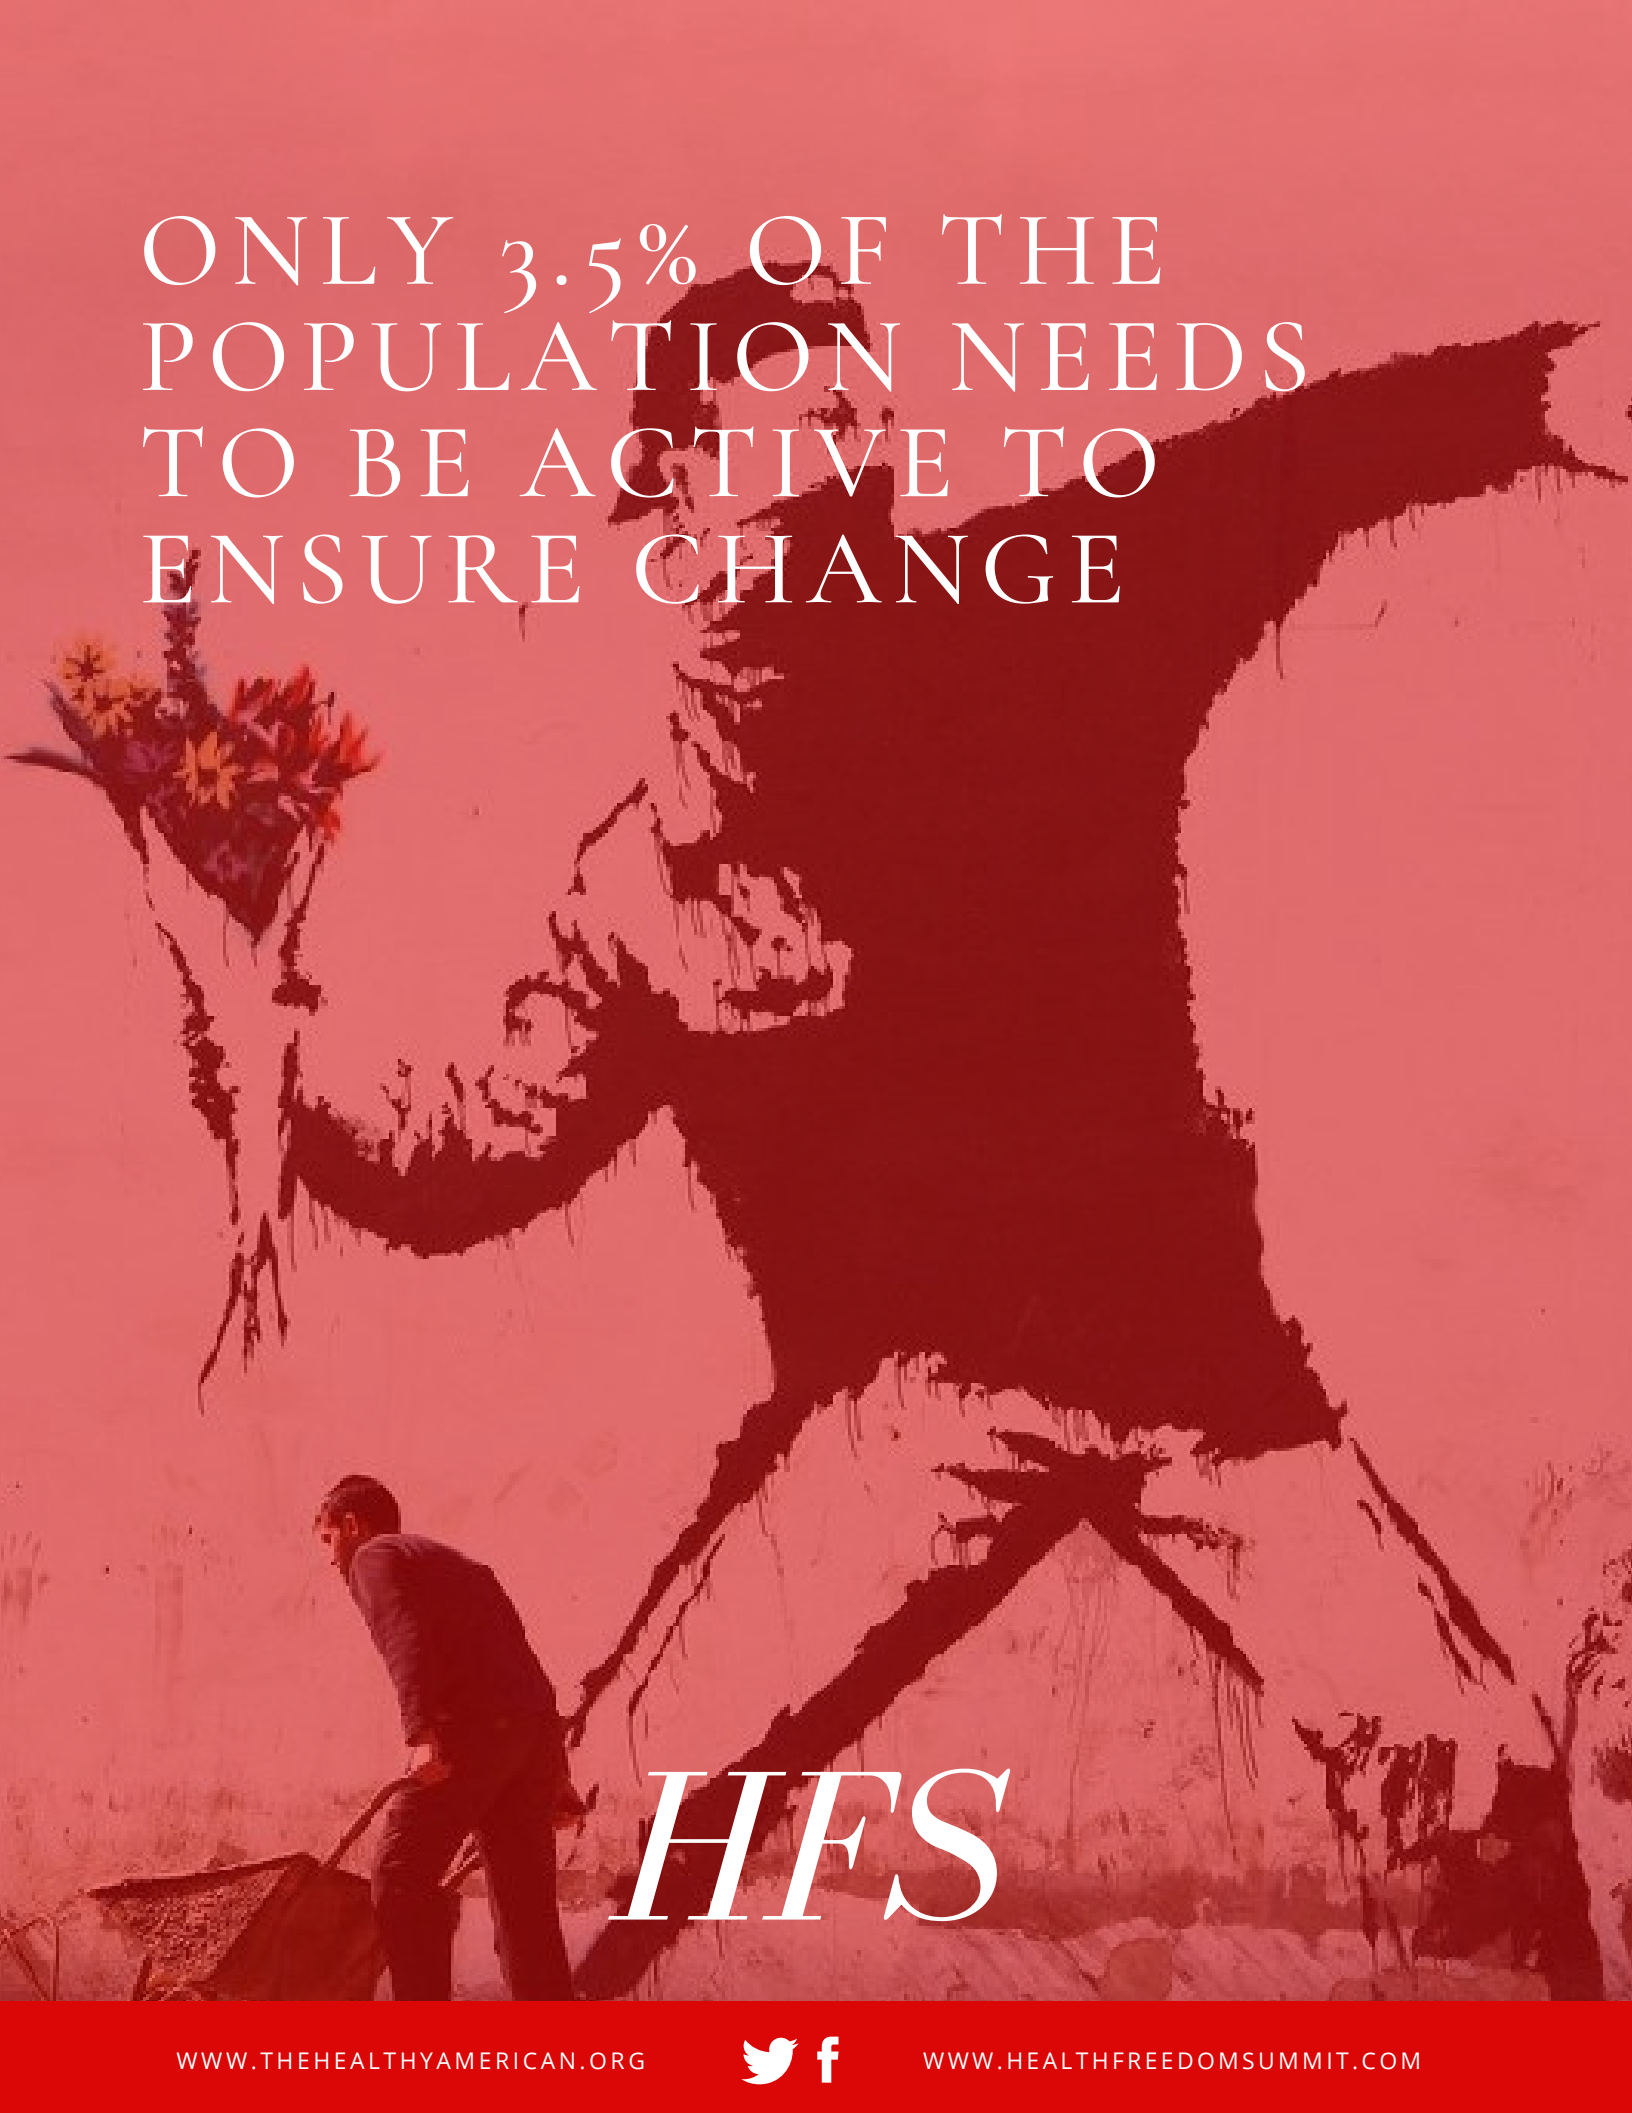

There is no scientific evidence that supports healthy people wearing masks

Masks obscure your facial features and impede normal social interaction

Masks make it hard for hearing-impaired people to understand you

Masks symbolize suppression of speech

IT IS UNLAWFUL FOR BUSINESSES TO DENY YOUR MASK-FREE ENTRY

A man in a blue shirt and dark pants is painting a large mural on a wall. The mural depicts a person with long, flowing hair, wearing a white shirt and a dark vest, holding a large bouquet of colorful flowers. The man is using a brush to paint the lower part of the mural. The background is a light-colored wall with some texture. The entire image has a red overlay.

MEDICAL EXEMPTION SCRIPT

A MESSAGE FOR THE MANAGER TO BE READ OUT LOUD

1. A licensed medical professional is the only person qualified to give medical advice, including the advice to wear a mask, which negatively affects the respiratory system, neurological system and immune system.
2. Practicing medicine without a license is an offense punishable by law.
3. There is no law in this state that requires anyone to wear a mask into any business establishment. Guidelines are not laws.
4. Equal access and accommodations in any business establishment whatsoever is protected by law. No citizen may be discriminated against based on a health condition.
5. Any threat of intimidation in this matter will result in law enforcement being summoned.

RESPONDING TO CLERKS ASKING YOU TO PUT YOUR MASK ON

1.

The clerk or manager is not a medical doctor and is not licensed to give medical advice. It is illegal to practice medicine without a license.

2.

These clerks or managers are not law enforcement and have no legal authority to attempt to enforce law (even those these are not laws). It is illegal to impersonate a law enforcement officer and a police report should be filed.

3.

These clerks and managers are breaking both state and federal non-discrimination laws. Just because a store makes a “policy” does not mean it is legal.

Dear Business Establishment,

Your business has the chance to be a **LEADER** in the retail industry by offering this:

"Special shopping hours for those without a mask."

At the beginning of this situation, many retailers had special shopping hours for seniors and disabled. It's time to PROVIDE THIS RIGHT AWAY:

SPECIAL SHOPPING HOURS FOR THOSE WITHOUT A MASK

Curbside shopping or instacart delivery is not fair and equal access, because there is an additional cost, and shoppers cannot browse and look for new items and experience an enjoyable shopping experience.

Further, this discriminates against those who do not have access to technology. Offering SPECIAL SHOPPING HOURS for those who cannot wear a mask provides for FAIR AND EQUAL ACCESS (as required by state and federal law.)

NOTE: These hours are to be reserved for mask-free shoppers ONLY, so the shopping experience will be relaxing and enjoyable. Those who wear a mask are to shop during the mask hours.

BENEFITS FOR YOUR BUSINESS

1. Shoppers who can't wear a mask can shop in comfort and confidence — free of discrimination, harassment and intimidation.
2. Associates will not need to spend time policing mask compliance.
3. Further, ASSOCIATES who cannot wear a mask could be assigned to work during those designated hours.

LOOK UP YOUR STATE OR
COUNTRY'S CIVIL CODE

Stand your ground. They are testing us to see how many people comply to unreasonable laws and restrictions. The point isn't to get into the store, the point is to show resistance to tyranny.
